## TECHNICAL SPECIFICATIONS

<b>Efficiency:</b>	99.97% efficient at removing particulates as small as 0.3 micron 95% efficient in removing particulates 0.1 micron and smaller
<b>Coverage Area:</b>	Cleans up to 1,500 sq. ft. efficiently
<b>Fan Rating:</b>	400 cfm (cubic feet per minute)
<b>Dimensions:</b>	Height: 23" Width: 14.5" x 14.5"
<b>Weight:</b>	45 lbs.

---

## FILTER SPECIFICATIONS

<b>Type:</b>	4-Stage Filter
<b>Configuration:</b>	Large Particle Pre-filter Medium Particle Pre-filter 15 lbs. of Activated Carbon/Zeolite impregnated with Potassium Iodide 60 ft. of True Medical Grade HEPA
<b>Filter Life:</b>	5-years under normal residential use
<b>Additional Features:</b>	Foam sealing gaskets top and bottom

---

## FAN & MOTOR SPECIFICATIONS

<b>Fan Type:</b>	Centrifugal fan with 3-Speed control
<b>Power Rating:</b>	1.3 amps, 120 volts
<b>Consumption:</b>	135 watts at highest setting
<b>Motor Type:</b>	Permanent Split Capacitor - rated for continuous use at high RPM & long life
<b>Additional Features:</b>	Motor mounted on shock absorbers CSA, UL and CE approved

---

## HOUSING

<b>Material:</b>	All steel construction
<b>Air Intake:</b>	360° intake system
<b>Air Output:</b>	One side, upper deck outlet
<b>Filter Access:</b>	Bottom plate easily removed
<b>Finish:</b>	Baked-on powder coat
